

## **Fiera Capital Acquires New Global Equity Capability, Welcomes New Team**

**Montreal, March 8, 2021** – Fiera Capital Corporation (TSX: FSZ) (“Fiera Capital” or the “Company”), a leading independent asset management firm, today announced the acquisition of a new Global Equities capability from AMP Capital.

The experienced team is comprised of four investment professionals: Simon Steele, Lead Portfolio Manager, and Neil Mitchell who will be based in Fiera Capital’s London office, with David Naughtin and Andy Gardner based out of Hong Kong and Sydney, Australia, respectively. The managers, who are AAA-rated by Citywire, have a solid track record of performance, acquired over the past four years at AMP Capital managing the UCITS platform series as well as the AMP Capital Global Companies Fund in Australia and New Zealand, and bring over US\$500 million in assets under management to Fiera Capital.

The proposed transfer of the UCITS platform series is subject to regulatory and other approvals. Until the foregoing transfer and arrangements are completed, the Global Companies Fund series will continue to be managed together with AMP Capital by the same investment team. AMP Capital and Fiera Capital are committed to ensuring that existing client terms and conditions will not be impacted, and clients experience a seamless experience throughout the transition.

*“I am thrilled to welcome such experienced investment managers and their clients to Fiera Capital,”* said Jean-Philippe Lemay, Global President and Chief Operating Officer. *“The team is a perfect fit with the Company, sharing in our client-focused culture and dedication to investment excellence. What’s more, the acquisition of a Global Equity capability based outside of North America builds on our global ambitions of building robust investment platforms in markets where we see opportunities for growth.”*

*“This seasoned team and their investment strategy are highly complementary to our existing offering,”* said Anik Lanthier, President and Chief Investment Officer, Public Markets. *“In the UK and Europe, it will sit alongside our successful Emerging Markets Equities, Real Estate and Mid-Market Infrastructure teams, while in Asia it will broaden our capability alongside our Asia Credit business. This addition is directly aligned with our objective of ensuring the continuing competitiveness and range of our investment platform in order to best serve the investment needs of our clients.”*

*“We are excited to join Fiera Capital and share in the Company’s impeccable reputation and commitment to a culture of investment excellence. The team has delivered exceptional returns since inception and is just weeks away from completing its fourth-year track record,”* said Simon

Steele, Lead Portfolio Manager of the new Global Equity team. *“We look forward to welcoming our clients and working alongside our new colleagues while contributing to the vision of making Fiera Capital a top tier global asset manager, recognized for its best-in-class solutions offering and trusted investment partnerships.”*

The team’s investment approach is fundamentally driven, aligned with a long-term perspective, and anchored around a three-pillared wealth creation framework founded on companies’ competitive advantage, strong capital allocation, and predictable growth. This approach yields a focused portfolio of 25 to 35 best-in-class global companies, which is expected to deliver superior risk-adjusted returns over a full market cycle. Their investment process generates highly concentrated, quality style, low turnover portfolios, and derives its primary source of added return from security selection.

### **Forward-Looking Statements**

This document may contain certain forward-looking statements. These statements relate to future events or future performance, and reflect management’s expectations or beliefs regarding future events, including business and economic conditions and Fiera Capital’s growth, results of operations, performance and business prospects and opportunities. Such forward-looking statements reflect management’s current beliefs and are based on information currently available to management. In some cases, forward-looking statements can be identified by terminology such as “may”, “will”, “should”, “expect”, “plan”, “anticipate”, “believe”, “estimate”, “predict”, “potential”, “continue”, “target”, “intend” or the negative of these terms, or other comparable terminology.

By their very nature, forward-looking statements involve inherent risks and uncertainties, both general and specific, and a number of factors could cause actual events or results to differ materially from the results discussed in the forward-looking statements. In evaluating these statements, readers should specifically consider various factors that may cause actual results to differ materially from any forward-looking statement.

These factors include, but are not limited to, market and general economic conditions, the nature of the financial services industry, and the risks and uncertainties detailed from time to time in Fiera Capital’s interim condensed and annual consolidated financial statements, and its latest Annual Report and Annual Information Form filed on [www.sedar.com](http://www.sedar.com). These forward-looking statements are made as of the date of this document, and Fiera Capital assumes no obligation to update or revise them to reflect new events or circumstances.
